FAX: +81(422) 52 - 000X

Title: Sales General Manager

Entered by Yokogawa

Supplier code

Manufacturer

This number is assigned by Yokogawa. Be sure to enter it with reference to the survey request.

If you are a sales representative or trading company, do your best to receive a certificate from the manufacturer. If this is not possible, issue a certificate under the name of your company.

This is entered by Yokogawa. No entry is required

The person in charge of payments and orders can sign this document.

Name: Taro Yokogawa

Signature: Taro Yokogawa

We (including our subsidiaries and affiliates) certify by the JGP file submitted that the content of the chemical substances, which is specified by the Yokogawa Group and listed in the table below, in the materials and parts for which a survey was requested by the Group under the survey request code in the upper right corner of this document and which will be directly delivered thereto, does not exceed the maximum value permitted.

Check any of the items.

Comment

Enter comments, if necessary.

If chemical substance groups are not subject to the survey or it is unknown whether or not they are contained, delete them.

Classification No. (*)	Material/Substance Category	Classification No. (*)	Material/Substance Category
C01	Asbestos	A01	Antimony/antimony compounds
C02	Certain azo-colorants and azodyes	A02	Arsenic/arsenic compounds
A05	Cadmium/cadmium compounds	A03	Beryllium/beryllium compounds
A07	Hexavalent chromium/hexavalent chromium compounds	A04	Bismuth/bismuth compounds
A09	Lead/lead compounds	B08	Brominated flame retardants (other than)
A10	Mercury/mercury compounds	A11	Nickel (only)
C04	Ozone depleting substances (CFCs, HCFCs, HBFCs, carbon tetrachloride, etc.)	C05	Certain
B02	Polybrominated biphenyls (PBBs)	<del>A13</del>	<del>Selenium/selenium compounds</del>
B03	Polybrominated diphenyl ethers (PBDEs)	B07	Polyvinyl chloride (PVC) (Disclosure is limited to "is present" or "is not present" in amounts that exceed the threshold)
B05	Polychlorinated biphenyls (PCBs)		
B06	Polychlorinated naphthalenes (more than 3 chlorine atoms)		
C06	Radioactive substances		
B09	Certain shortchain chlorinated paraffins		
A18	Tributyl tin (TBT) and triphenyl tin (TPT)		
A17	Tributyl tin oxide (TBTO)		

If the substance group is not subject to the survey or it is unknown whether or not it is contained, delete it.

[Note]\*: Classification No. is as per JGPSSL.

Material/substance categories are as per the Joint Industry Guideline (JIG).
